REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the present claims are allowable over the closest prior art to Yamanaka et al. (US 2002/0064689), Carey et al. and WO 02/13190.

Yamanaka et al., Carey et al. and WO 02/13190 fail to teach or suggest the claim limitations directed to a recording medium having an exchange coupling field that is larger than both a coercivity H_{c1} of a first magnetic layer and a coercivity H_{c2} of a second magnetic layer wherein the first and second magnetic layer are exchange coupled. The prior art fails to teach or suggest a motivation to adjust the exchange coupling and coercivities of the magnetic layers taught by Yamanaka et al., Carey et al. and WO 02/13190 to meet this feature of the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
